Hi Peter

I think this will be useful... I am just starting to look at it – and noticed a typo in first line of slide three (that spell check wont catch)

-
- Petitioner concerns: CAFOs & public health risks **form** persistent, elevated nitrates

Should be **from**

Tony/Jeff/Matt: Here's an update to slides we can use for the RA briefing if helpful.
I added a summary slide and split out the "issues", next steps slides, per Mat's comments.

If its more confusing than helpful, we can just keep it in the box. I'm not wed to using it.

Thanks,

Peter
